

The Cone Farm & House

Established 1961

Eligible for the National Register of Historic Places, the Cone House was built in 1966 by Henry Norman Cone and Cassie Morris Cone on their cattle and crop farm established in 1961. Their children, Cathy Cone Malone and Gary Norman Cone, were raised on the family farm. Even when the walls of the Cone House no longer stand, the legacy of faith, family, and freedom will carry on forever.
